Product highlights

Multi Language Teletext
Allows users to select their preferred language supported by the teletext characters

Front Controls Locking
Prevents unauthorised access to TV functions

Volume Control Locking
This feature predefines the volume range in which the TV set can operate, preventing excessive volume adjustments avoiding disturbance of next door neighbours.

Welcome Message
Welcome greeting displayed on screen each time the TV set is switched on

ESP™
Feature can be selected in the set-up menu. The TV can be switched off automatically after a specified period of use saving energy and providing extended product life time. The selectable range is from 0 to 99 hours.

Battery Low Detection
This feature informs of the need to replace the remote control batteries preventing unneccessary replacement of batteries.

External Loudspeaker Connector
Amplified audio connector for easy installation of external speakers (like for bathrooms), eliminating the need for investments in external equipment

Wireless Smart Loader™
Provides the ability to copy easily and wirelessly all programmming settings from one TV set into other TV sets in less then a minute. The feature ensures uniformity between TV sets and significantly reduces installation time and costs.

Compact Design
The compact set fits in every room due to its sleek design and size. Due to limited depth of the product, it even fits on a book shelf.
